

# RESOURCES FOR YOUR FAMILY

---

Pinelake has put together some resources to help you spiritually lead and win at home with your kids in this unique time. Take a look below at some things your family can do each week and each day to connect with God and each other, as well as some tools you can use to have conversations and fun with your kids. We are here for you and are praying for your family today!

## Updated Resources

### Student Resources

**VIDEO CONTENT.** Our student team created two videos, one for our 56 students and the other for middle and high schoolers. These weekly videos will highlight fun challenges students can do at home as well as provide encouraging truth from God's Word. Take a look at the guide on the family resources page that you can use to engage your students by asking some simple questions.

**DAILY SPIRITUAL PRACTICES.** One of the best things students can do during this time when they have more time on their hands is to get into a daily rhythm with God. We've provided a reading guide they can use with the L3 Story Plan as well as a three-week prayer challenge.

### Worship Resources

**WORSHIP SONGS.** We've created a special playlist of worship songs on YouTube for both [preschoolers](#) and [elementary-aged kids](#) so they can worship to some of their favorite songs & learn new ones, too.

**FOLLOW-UP ACTIVITIES.** In addition to activity sheets for right after your kids watch their age-specific video, we've also added activities you can do throughout the week to reinforce the truths they are learning. These can be found in the preschool and elementary family guides on the family resource page. Use as many or as few as you like and at your own pace.

### Weekly and Daily Activities

**BIBLE STORY CRAFTS.** Use [this great e-book](#) to help reinforce the stories your kids are learning from the Story Plan or just to fill the moments in the day when the kids are getting restless with biblical truth.

**ADDITIONAL ACTIVITIES.** [Here is an extensive collection](#) of fun or educational activities for your family in addition to what we sent last week (see page 2).

**KIDS L3 READING GUIDE.** Reading the Bible is an important discipline to develop as a child. To help them, we've created a special guide that will teach them how to read the Bible for themselves.

# Ongoing Resources

## Weekly Activities

**KIDS WORSHIP VIDEO.** Have your kids watch their age-appropriate worship video that will have this week's Bible story, main point, and some worship songs. Afterwards, use the provided guide to have a conversation with your kids about what they learned and experienced.

**SO AND SO SHOW.** If you have elementary-aged kids, have them watch the So and So Show a day or two after the worship video to reinforce what they learned.

## Daily Activities

**DAILY DEVOTIONS.** We have devotions for elementary-aged kids that are based on the worship video that will reinforce and repeat what they learned.

**THE L3 STORY PLAN.** This is the perfect time to get your family in the habit of reading scripture daily. For kids & students, we recommend using the Story Plan. You can find the Story Plan on the Pinelake App.

**PRAYER TIME AS A FAMILY.** Have your kids write down 1-2 things they want to be praying for. Spend some time at dinner or before bed praying together over what they wrote down.

## Resources

**IDEAS FOR KEEPING YOUR KIDS OCCUPIED.** It's inevitable: your kids are going to get bored, and there's only so much Netflix and YouTube they need and you can handle. [Here](#) are a bunch of great games and activities your kids can do indoors to keep them busy.

**TALKING WITH YOUR KIDS ABOUT ANXIETY.** While some kids are happy to not have to go back to school, we know others are probably anxious because of all they're hearing and experiencing. If you need some help with how to navigate a conversation with your child about their anxiety, we've provided a guide you can use that is age-specific for preschoolers, elementary-aged children, and teenagers.
