

# WEEKLY STUDENT GUIDE

*"Be very careful, then, how you live—not as unwise but as wise, making the most of every opportunity." Ephesians 5:15-16*

## GET IN RHYTHM WITH JESUS

One of the ways you can make the most of this unique season is by getting into a good rhythm in your relationship with Jesus. After all, not having time is no longer an issue! We challenge you to make three things a priority in this season:

- 1. Read the Bible daily** using the L3 Story Plan that's found on the Pinelake App. We've created a special guide on our resources page to help you understand & apply the Bible.
- 2. Pray daily.** We've provided a prayer challenge on the resources page that will help you get going.
- 3. Gather online with your small group weekly.** Contact your small group leader or student pastor to know how!

**Questions to think about or discuss:** What is the best time of the day for you to get in rhythm with Jesus? What will help you get in a rhythm? What will hinder you?

## SHARE JESUS WITH OTHERS

Here are two facts about our current reality: 1) People are looking for hope, meaning, and encouragement. 2) People are bored! They're spending their time scrolling their phones or other devices for things to fill their time and their minds.

Both of these facts mean it's the perfect time for you to share Jesus. He's what people most need right now. Whether it's sharing a Bible verse on social media, having a Bible study with friends using Facetime, texting the link to the weekly student video to friends, or finding safe ways to love your neighbors, find any way you can to share Jesus with others.

**Questions to think about or discuss:** How could you use social/digital media to share Jesus with others this week? What is a safe thing you could do to love people in your neighborhood?

## BE JESUS TO YOUR FAMILY

It's inevitable: there is going to be some times when there is tension or drama in your family during this season. But you have a choice to make: when the tension or drama comes, will you make it worse or make it better? Will you make your house a more peaceful place to live, or more crazy? Will you wait for your family to do the right thing first, or will you decide to be Jesus to your family and apologize first, show grace first, and love first?

One of the best ways you can love Jesus is to love your family. Choose to do that even when it's hard!

**Questions to think about or discuss:** What is one way you can love your family like Jesus this week? When there is tension or drama, how can you contribute to stoppin it?
