

WEEKLY STUDENT GUIDE

Be very careful, then, how you live—not as unwise but as wise, making the most of every opportunity. Ephesians 5:15-16

WIN YOUR WEEK

The best way for you to grow in your relationship with God isn't by watching videos of other people talking about God, but by you learning how to engage with God on your own day by day, week by week. For the next few weeks, we won't be releasing weekly videos for our student ministry, but you can keep growing in your relationship with God by doing four things: 1) reading the Bible regularly, 2) praying regularly, 3) meeting with your small group on Zoom, and 4) worshiping from home.

To get you going, we've created a tool called "Win Your Week." Check it out in the [student section](#) of our family resources page.

STAY ENGAGED WITH YOUR STUDENT MINISTRY

Over the next few weeks, stay up to date with what your campus' student ministry is doing by following them on social media and going to your small group. They're going to be doing some fun things you can take part in digitally and we'll be letting you know about our summer plans!

MAKE AN IMPACT ON OTHERS

While you may have to keep your distance from others, don't let that keep you from making an impact on them in this unique season. Right now is the perfect time to love your neighbors in practical ways like mowing their lawn for them or finding other ways to serve them. It's also the perfect time to share Jesus with your friends. Post your testimony or something about Jesus on social media, do a Zoom or FaceTime chat where you read the Bible together, or just call or text a friend and ask them how they're doing and how you can be praying for them.

Whatever you do, don't waste this amazing opportunity to point people to Jesus!
